

ZOTAC RAIDBOX

Keep lightning-fast storage in your pocket with the ZOTAC RAIDbox USB 3.0 storage device. The ZOTAC RAIDbox enables users to customize the amount of storage available by accepting compact mSATA SSD drives for outstanding performance in a miniature form factor.

Two mSATA slots with support for RAID 0 or 1 technology are available in the ZOTAC RAIDbox to let the user choose between maximum read and write performance with RAID 0 or protect your data with RAID 1. A USB 3.0 interface connects the ZOTAC RAIDbox to compatible PCs and devices to eliminate performance bottlenecks and achieve maximum performance.

supports 4 modes

JBOD

Access your mSATA SSDs up to 1-2 drives

BIG

Access 2 mSATA SSDs as 1 large drive

RAID 0

Span data across 2 mSATA SSDs for increased performance

RAID 1

Protect your data with a mirror copy on a 2nd mSATA SSD

PORTABLE SUPERSPEED STORAGE

TECHNICAL SPECIFICATIONS

SPECIFICATIONS

- 2 X mSATA slots
- RAID 0, 1, JBOD & BIG (spanning) support

COMPATIBILITY

- USB 3.0 technology
- Windows 7/8 x86/x64
- Ubuntu 12.04
- Mac OS X Mountain Lion

CONNECTORS

- Micro USB 3.0
- 5V DC power

Note: mSATA SSDs sold separately

DIMENSIONS

- Height: 13mm (0.51in)
- Width: 77.2mm (3.04in)
- Depth: 120.3mm (4.74in)

INSIDE THE BOX

- ZOTAC RAIDbox
- Micro USB 3.0 cable
- USB-to-5V DC cable
- User manual

WITH FAST READ / WRITE SPEEDS THAN THE STANDARD NOTEBOOK DRIVE
