Embrace mini-PC gaming with the 4th Gen Intel Core R-series processor and Intel Iris Pro 5200 graphics packing ZBOX EI700 series. The new Intel Iris Pro 5200 graphics processor enables the ZBOX EI700 series to deliver outstanding visuals and performance that's on par with discrete graphics cards and connect three native or up to four 1080p displays via adapters, or a single 4K display via DisplayPort or quad HDMI, with adapters, using Intel Collage Display Technology.
