R RAID SERIES

Let your ZBOX mini PC be more than a personal workstation. With the innovative new ZBOX RI323, your ZBOX is more than an everyday computer. We have redesigned the internals to bring more functionality to your mini PC by equipping it with two storage bays, making the ZBOX RI323 the first native RAID capable ZBOX that supports two 2.5" hard drives.

With an Intel processor at the core, the ZBOX RI323 sports two RAID-capable 2.5" SATA HDD slots, supporting RAID 0,1, and JBOD functionality. With the usual array of connectivity options including dual gigabit LAN, Bluetooth 4.0 wireless connectivity, and USB 3.0 ports, this mini machine is more than just a personal PC. The ZBOX RI323 can be your personal cloud storage, your personal Network Attached Storage (NAS), and much more.
